BECKONS™

Discover Chile

The Beckons portfolio features two luxury hotels in South America's most extraordinary wilderness destinations. Adventures abound for guests at Tierra Atacama set high Chile's surreally beautiful Atacama Desert. While in the south, Tierra Patagonia sits against a backdrop of craggy mountains and the glistening Lake Sarmiento in Torres del Paine National Park.

Destination

A narrow sliver of land between the towering Andes and the Pacific Ocean, Chile extends like a ribbon down the west coast of South America, reaching from the driest desert on earth to vast southern glacial fields and onwards to Antarctica.

Diverse landscapes unfurl over a 4,300km stretch: parched dunes, fertile valleys, great volcanoes, ancient forests, massive glaciers and breathtaking fjords. There's wonder in every detail and nature on a symphonic scale.

Renowned as a premiere destination for nature lovers and outdoor enthusiasts, Chile is also celebrated for its rich history and culture, vibrant cities, unique cuisine and world-class wines.

Getting Here

Chile's capital, Santiago, is the main international gateway to Chile, welcoming flights from Europe, North America, Australia and New Zealand.

Climate

Due to its vast coastline spanning most of the west coast of South America, Chile's climate is as varied as its terrain. The seasons in South America are the reverse to Europe and North America and there are several climate pockets within its borders, ranging from low desert in the north to alpine tundra and glaciers in the east and southeast and oceanic in the south. The central part of the country is temperate and Mediterranean, whilst Easter Island offers subtropical humidity.

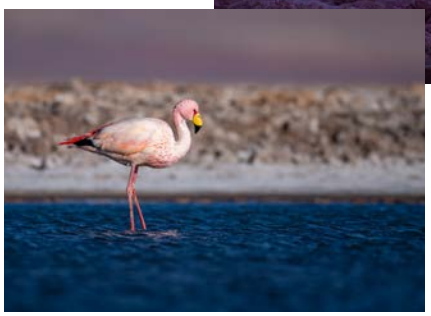

Santiago enjoys a typically Mediterranean climate, with warm, sunny summers and moderate winters. In the far north, the Atacama Desert is mainly dry with warm days and cool nights the norm in the high altitude region which sits 2,400m above sea level. In the far south, Patagonia is influenced by the oceanic climate and the weather is famously changeable year-round often with four seasons experienced in one day.

What to Bring

Reflecting the adventurous nature of each lodge, dress is relaxed at both lodges. Evening attire is smart/casual with no jacket required. It's best to be prepared for all kinds of weather and dressing in versatile layers is recommended including a waterproof jacket for any rainy moments. Comfortable hiking shoes, a warm hat, gloves and sun protection items are all essentials and guests should also pack cold weather clothing such as thermals and insulated outerwear.
